Contemporary yet classic, cultural yet global, Andy Cartwright brings an element of innovation and indulgence to everyday living.

Motivated by creativity running free, the Andy Cartwright style is constantly evolving, while the unique qualities remain in every item created.

“I derive my greatest inspiration from Nature’s organic shapes and the almost mystical manner in which the earth forms them.

I am in awe of life’s ability to teach us design philosophies based on form and function and how the combination of both can achieve a pure sense of balance and continuance.

Designs that seems so simple and functional reveal themselves to be as intricate and intriguing as they are essential to the life cycle.

In creating the Andy Cartwright range I have sought to honour Nature by emulating it’s simplicity of form yet following the flows and textures that it crafts so effortlessly and elegantly.”

I am the colours of the vibrant fabric that weave our tribes together.
I am the music that makes us want to dance, the drum that gives us rhythm.
I am the sports fan who stands by you, proudly singing our National Anthem.
I am the click in every language, the nickname and the humour that slides off our tongues.
I am the aroma from red hot coals, burning meat and the sweet taste of fruit.
I am the wines from our vineyards and the fresh flowing water from our streams.
I am the mirage in the blazing sun, the electric storm and the crisp winter morning.
I am the rolling sea and the giant mountain range that shields us from the winds.
I am a free bird, soaring in the thermal, gazing upon the wild savanna.
I am the rich soil, the floral landscape and the raw gold beneath our earth.
I am our heritage, our history that helps us see who we've become.
I am the imperfections in our society that helps us realise we can do better.
I am the handshake, the kiss, the hug that embraces our diversity.

I am South African.
